How to Grow Bulbs

Daffodils and Crocuses may be planted in the garden between the first of September and the middle of October; Tulips the latter part of October, but should not be delayed too long if best results are desired. Early-planted bulbs come up more evenly, earlier, and develop finer flowers than those put in later. Hyacinths may be planted any time from September to December.

When grown in beds, Hyacinth and Tulip bulbs should be planted at a uniform depth. The easiest way to do this is to remove all soil from the bed to the depth required, set Hyacinths 7 inches apart and Tulips 5 inches, and carefully replace the soil. Many people do not think this is worth while; they prefer to plant with a trowel or dibble. Where this practice is followed, great care should be taken to see that the base of the bulb is pressed firmly into the soil.

After the ground is frozen to a depth of 4 to 5 inches, it is well to put on a cover of straw or leaves. This should be removed rather early in the spring. Tulips and Hyacinths should be taken up each year. Let the foliage mature, either where they have flowered or in another location. After drying, the bulbs should be kept in a cool, dry place.

Daffodils may remain in the same place for three to four years at a time. The clumps may then be taken up and divided for replanting.

Crocuses give a delightful effect in early spring, but, like Narcissus, should not be planted where grass is kept clipped. They are extremely desirable in naturalistic plantings, but to obtain good effects it is essential that they be used in large quantities; plan to use several thousand in each 50-foot square of woodland or meadow.

Lilies demand good drainage. This may be secured by placing a quantity of sand below each bulb, or by mixing peat or humus with the soil. The tall varieties should be planted in a location where they receive protection from high winds; all of them enjoy partial shade.

CULTURE INDOORS.—Paper-White Narcissus and the Chinese Sacred Lilies are the easiest to grow. A bowl of pebbles and water is the "garden." Hyacinths likewise present little difficulty. Place each bulb in a glass so that the base barely touches the water, and leave them in a cool, dark place until the roots develop. They may then be brought into the light, and will produce just as fine flowers as if they were grown in pots or outdoors. Start the bulbs any time between September and January; for succession of bloom bring them into the light at intervals of several weeks.

Darwin, Cottage and Breeder Tulips, Narcissus and Daffodils
ON THE ORDER SHEET IN BACK OF CATALOG

Better Bulbs at Low Prices

WITH the issue of this Catalog our customers have the opportunity to buy *Sterling Novelties* at the price of older, standard varieties. Buyers of large quantities of bulbs for naturalizing will be quick to seize this chance to obtain higher-class varieties than are usually used for that purpose, at exceedingly attractive prices.

We have arranged to have Dutch Bulbs, ordered from us *before August 10th*, separately packed in Holland for each customer. This expedites service and avoids both damage and loss in re-handling. The bulbs will come to the purchaser in the original Holland packages.

For the continued patronage and good-will of our many friends and customers, we are grateful. Knowledge and appreciation of high-grade plants, bulbs, and seeds are steadily increasing, and it is our aim to make this firm the leader in providing for this steadily advancing horticultural interest.

Early Ordering. Your coöperation is invited. Placing orders early will facilitate delivery at proper time.

Rush Orders may be telegraphed or telephoned at our expense.

Prices of Bulbs, Seeds, Plants, and Supplies are subject to market and tariff changes.

Terms. Prices quoted are net. We prepay transportation on seeds in packets, ounces, or quarter-pounds, to any point in the United States. We also prepay transportation on special "Cash with Order Offers on Bulbs," to any point east of the Mississippi.

Upon delivery of goods to the carrier, ownership passes to the purchaser; when the carrier issues a receipt our responsibility ceases. Claims for damage should be made to the transportation agent at point of delivery.

Non-Warranty. William M. Hunt & Company, Inc., give no warranty, express or implied, as to description, quality, productiveness, or any other matter of any seeds, bulbs, or plants they send out, and they will not be in any way responsible for the crop. If the purchaser does not accept the goods on these terms, they are to be returned at once.

Darwin Tulips

SELECTED TOP-SIZED BULBS ONLY

The Cream of the Standard Varieties and Recent Introductions

Darwin Tulips are increasing in popularity every season. Colors range from white to purplish black, including shades of crimson, violet, brown, rose, etc. Very effective for planting in shrubbery or in hardy plant borders. The flowers are large, deeply cupped, and are borne on lofty stems which are ideal for cutting and vase use. Gorgeous combinations of color can be made by planting them in broad masses or long, narrow borders. To avoid striking contrasts, use tones of bronze and pale violet with the lavenders—and soft pinks and lavenders, shades which merge into each other and do not clash as violently as the usual red and yellow. If striking effects are desired, try Bleu Aimable in front of City of Haarlem, a vivid, odd, *French* combination of blue and scarlet; or an even more effective combination of some pale yellow, like Moonlight (a Cottage Tulip), with a deep red-purple variety, Faust or Zulu. The new pale yellows are also good with dark mahogany-red varieties like King Harold. Brilliant reds like Pride of Haarlem and Farncombe Sanders are best used alone, or against an evergreen background. Dark pinks are good with light pinks and white varieties, like the Cottage Picotee.

We prepay delivery charges to any address east of the Mississippi, for cash with order

★ Addison. 24 in. Rose-pink. Very attractive shade. Tall and handsome. Fine for beds or forcing	Doz.	100
	\$1 50	\$9 00
Afterglow. 26 in. Possibly the sweetest color-play found in Darwins—rich deep rose laid over salmon-orange, clearer toward the edges; inside a lovely orange-topaz sheen	1 00	5 50
Annie Laurie. 24 in. Deep rose. Extremely large flower borne on long, strong stems	1 50	10 00
★ Astra. 34 in. Violet-rose with white base. Early outdoor flowering and excellent for forcing. Well recommended	4 00	28 00
★ Baronne de la Tonnaye. 30 in. Blush-rose, medium-sized flower with a salmon glow in the center and brilliant black anthers. A tall, handsome variety fine for bedding and forcing	\$45 per 1,000 .	1 00 5 00
★ Bartigon. 28 in. Flower carmine-red; base pure white edged violet. Splendid for forcing	1 00	5 00
Bellaggio. 26 in. Magenta. Large, handsome flower, carried on long, stiff stems. Very attractive	2 50	18 00
Bene Est. 32 in. Very large and most attractive flowers of pale canary-yellow accentuated by glittering black anthers. Yellow is a new and rare color in the Darwin race	1 25	7 50
Betsy Ross. 26 in. Carmine-red with outside tinted bronze. A unique combination	1 75	12 00
Black Eagle. 26 in. Very dark purple. One of the best in this class	1 50	9 00
Bleu Aimable. 26 in. Bright purplish blue, intensely rich inside. A beautiful flower of very unusual shape and one of the clearest “blues.”	1 00	5 00

The ★ preceding variety indicates that it is good for forcing

Hunt's PERFECTION Bulbs

DARWIN TULIPS, continued

	Doz.	100
Blue Gem. 28 in. Large violet flowers of good form and substance	\$3 50	\$24 00
★ Centenaire. 32 in. Violet-rose with white base. Early, outdoor flowering, and excellent for forcing. A very handsome, rich color	1 00	5 00
★ Chant de Cygne. 30 in. Beautiful variety of recent introduction. Flowers are very large, rosy red, tinted with salmon	1 25	6 50
★ Citronella. 24 in. Fine lemon-yellow. A very fine bedding or forcing variety	1 50	9 00
★ Clara Butt. 24 in. Deep rose-pink, inside still deeper, with blue base and white halo. For outdoors or forcing. The familiar old standby for pale shell-pink color effects . \$45 per 1,000	1 00	5 00
★ City of Haarlem. 32 in. Large flowers of brilliant, blazing vermilion, so red that it dazzles the eyes in the sunlight. Inside it has a blue-black center edged white. Splendid for bedding and late forcing	1 50	7 50
Darlington. 26 in. Rich rose. Large and most attractive	4 00	28 00
Dream. 26 in. Pale heliotrope; inside violet with blue base. Handsome. Petals recurve attractively. For bedding only . \$50 per 1,000	1 00	5 50
Duke of Portland. 26 in. Deep blood-red flower of tapering form, shading to crimson and garnet; base vivid blue	1 50	9 00
★ Eclipse. 30 in. This rich dark red Darwin is of good form and substance. Perhaps the best of its color for forcing. Effective and striking in the border	1 75	12 00
★ Farncombe Sanders. 30 in. Beautiful rosy scarlet, with pure white base; large flower, borne on long, strong stem. For forcing or bedding \$45 per 1,000	1 00	5 00
Faust. 30 in. Purple-maroon with a superb dark sheen, appearing as nearly black from a little distance	1 00	6 00
★ Feu Brillant. 26 in. Bright scarlet. Splendid for bedding and late forcing	1 00	6 00
★ Frans Hals. 28 in. Very large, handsome blooms of dark violet with a mahogany tinge, deep blue-black base, and black anthers. Very pleasingly scented. Excellent for forcing	1 00	5 50
★ Giant. 28 in. Gorgeous dark violet-purple flowers, richer and deeper inside. Tall, strong stems. Excellent for forcing and bedding	1 25	7 00
★ Gold Lake. 26 in. An improved Yellow Giant. Deep golden yellow	1 75	12 00
★ Helen Eakin. 28 in. Fine white, with a dark stamen. Well recommended	2 75	20 00
★ Jacob Maris. 28 in. Rich maroon-red flowers of elegant shape, shot with glowing scarlet; base blue-black with striking white border	1 25	7 00
★ Jubilee. 31 in. Deep rich blue-purple. Large, somewhat egg-shaped flower on tall, strong stem	1 50	7 50
★ Kathleen Parlow. 30 in. Fine shell-pink, silvery edged, inside lighter with pure white base. Large and tall	1 75	10 00

	Doz.	100
★ Professor Rauwenhof. 28 in. Bright cherry-red with scarlet glow and brilliant blue base. Very good forcer	\$1 00	\$5 00
★ Queen of Hearts. 28 in. Lovely soft rose-colored sport of the famous Farncombe Sanders, which it resembles in other respects. Good forcer	1 25	7 00
★ Reverend Ewbank. 26 in. Bright bluish lavender, flushed brown inside; edges of petals soft heliotrope, with silvery gray bloom; white base. Attractive color. Forces splendidly \$45 per 1,000	1 00	5 00
★ Sarazen. 30 in. Carmine-red, shaded salmon-red	1 50	8 00
★ Scarlet Beauty. 26 in. Immense flowers of heavy substance on tall, strong stems. Clear, fiery scarlet with a big blue star in the center, edged with white	1 25	7 00
★ Sundew. 28 in. A striking bright red variety. The petals are fringed and cut in a most attractive manner. Suitable either for outdoor purposes or forcing	1 25	6 50
★ The Bishop. 30 in. Pure heliotrope. The finest in this class, either in borders or for pot-culture	1 50	7 50
★ Turner. 26 in. Dark rosy carmine—very attractive color. Excellent for forcing	1 75	12 00
★ White Giant. 30 in. Large, well-formed, pure white flower of fine substance, borne on strong, stiff stem	3 00	22 00
★ William Copland (Sweet Lavender). 26 in. Reddish lilac. When forced the color is a beautiful lavender, with white base marked blue. Recommended for forcing only	1 00	5 00
★ William Pitt. 28 in. Dark crimson, with purplish bloom on the outer petals; white base edged blue	1 00	5 50
★ Yellow Giant. 28 in. Rich deep golden yellow. Fine, large, globular flower carried on long, strong stem. Excellent for exhibiting	1 50	7 50
Zev. 24 in. Lilac-blue. Very tall, large flower	2 75	20 00
Zulu. 28 in. Violet-black, with shining purple edge; white base with blue mark. Large, egg-shaped flower	1 00	5 50
Zwanenburg. 32 in. Very beautiful, medium-sized flower of sparkling white with tiny hair-lines of dark purple	1 25	7 00
Darwin Tulips Mixed. Top-size bulbs only. Our mixture contains all the best varieties; for massing in borders and for cutting \$35 per 1,000	60	4 00

Special Amateurs' Collections. 250 Darwin Tulips in 10 distinct and separate varieties, our selection, for \$12; 100 Darwin Tulips in 5 distinct and separate varieties, our selection, for \$5. Sent prepaid to any address east of the Mississippi for cash with order.

Cottage or May-flowering Tulips

SELECTED TOP-SIZED BULBS ONLY

The largest flowers of any Tulips are found in this class, which contains many long-pointed and lily-shaped flowers. All colors imaginable are available among them, except good blues. Many have long stems and some are shorter and some gracefully drooping so that they are excellent in front of taller sorts. For cut-flowers or garden decoration. The new varieties included represent a great advance in this class.

Sent prepaid to any address east of the Mississippi for cash with order

★ Advance. 24 in. Fiery red with purplish bloom on outside. Perhaps the most lasting variety of all Tulips. Very early	Doz.	100
	\$2 00	\$15 00
Alaska. 28 in. Long canary-yellow petals with butter-colored base, opening to an enormous flower of star-like shape . . .	1 00	6 00
Albino. 26 in. Superb ivory-white flowers on thick, sturdy stems, rated as one of the finest Tulips in this rare color. Yellow anthers	1 25	7 00
Ambrosia. 25 in. Superb salmon-orange inside, with yellow and green patterned base; outside color subdued lilac-rose, with gay edging of luminous apricot	1 00	6 00
Avis Kennicott. 24 in. Long chrome-yellow with black base and anthers. For bedding	1 00	6 00
Aviso. 24 in. Charming rose-buff, tinted with apricot	1 25	7 00
Beverley. 29 in. Orange-flame flowers of flaring form and breath-taking beauty on tall, graceful stems	2 00	14 00
Brederode. 24 in. Primrose-yellow, with yellow stamens. Very attractive	1 25	7 00
★ Capt. Fryatt. (Lily-flowered.) 24 in. Sparkling ruby-red with blue center—a beautiful combination of colors. Large flower of fine shape on graceful stem	3 50	24 00
Carrara. 24 in. Pure white, no other tints. Large, rounded cups. Does well in pans for middle-March blooms	1 50	7 50
Columbine. 22 in. Yellow; center line of scarlet divides each petal. Very unique	1 50	9 00
Dido. 28 in. In Dido the body-color is a deep coral-pink, edging into light orange; the inside is like costly silk, flaming orange with green and yellow base. Full-blown flowers are 3½ inches deep	1 00	5 50
Eclatante. 26 in. Very attractive shade of salmon suffused with rose. Large flowers on long, strong stems	1 50	7 50
Geisha. 24 in. Soft buff-colored gray, inside purple-violet	1 75	12 00
Gesneriana Major (Red Rocket). 18 in. Brilliant scarlet, beautifully curved flowers with bluish black center	1 00	5 00
Golden Harvest. 20 in. Soft yellow. Very large, similar to Moonlight, but darker in tone	2 00	14 00

The ★ preceding variety indicates that it is good for forcing

Hunt's PERFECTION Bulbs

COTTAGE TULIPS, continued

	Doz.	100
Grenadier. 21 in. Flaming orange; very large flower of lily-like form	\$1 00	\$5 50
Hautain. 20 in. Large; vivid rose	1 25	7 00
Henri Correvon. 20 in. Beautiful clear geranium-red, with large pure white center	2 00	15 00
Inglescombe Pink. 25 in. Delicate rose-pink, tinted salmon; blue center. A lovely variety if grown in partial shade . . .	1 00	5 00
Inglescombe Yellow. 23 in. Known as the yellow Darwin Tulip. Canary-yellow. For borders and cutting \$45 per 1,000 .	1 00	5 00
Jeanne Desor. 28 in. Produces a large flower of Darwin shape, carried on strong, tall stem. Its deep orange color and scarlet border are very striking	1 50	9 00
John Ruskin. 18 in. Apricot-rose, shaded mauve, with pale yellow edge on petals	1 00	6 00
Leda. 30 in. One of the most beautiful pink Tulips extant—the result of a cross between Darwin and Cottage Tulips. The bright rose flowers are of Darwin shape and are produced on strong, tall, straight stems	1 25	6 50
Lemon Queen (Mother's Day). 28 in. Soft lemon-yellow with long petals of fine substance	1 75	11 00
Marcellina. 24 in. Delicately beautiful flower of a rare, soft shade of apple-blossom-pink, lighter at the edges, with a big, white center	1 50	9 00
Marjorie Bowen. 24 in. Soft rose with silvery brownish edge; clear yellow base	2 00	15 00
Mayflower. 24 in. Rare and lovely flowers of rich salmon-flame color becoming dazzling bright as it develops. A very striking novelty	3 50	24 00
Mme. Buysens. 29 in. Bright yellow; large flower on tall stem	1 75	11 00
Moonlight. 24 in. Cup-shaped blooms 4 inches deep and 2 inches wide may be produced with ordinary care. The color is a lovely strong yellow with a soft yellow bloom which gives the cup that pale moonlight tint for which it is famous . . .	1 00	5 00
Mrs. Hoog. 20 in. Pure canary-yellow. Large flower on tall stem with black stamens	1 25	7 00
Mrs. Moon. 25 in. An especially good all-yellow of a rich deep tone. It is of unusual form, the long, flaring petals curving twice, producing a vase effect instead of a cup. Brilliant yellow inside. Good perfume. Fine stem	1 00	5 50
Orange Delight. 22 in. Huge flowers of splendid shape very conspicuous for their brilliant, glossy orange hue—a most unusual shade	2 00	14 00
Orient. 22 in. Large; carmine, inside salmon with bright rose and orange edges. An unusual combination of colors	1 25	6 00
Picotee (Maiden's Blush). 24 in. Cream-white, softly pink edged, changing to a deeper pink. For cutting and bedding .	1 00	5 00

Breeder Tulips

TOP-SIZED BULBS ONLY

These are the old Dutch self-colored Tulips, neglected for many years, which modern taste for unusual colors has called into prominence once more. Nature's happiest color-combinations of purple and bronze, gray and lilac, brown and orange, are revealed to us in this group. The flowers are mostly large, of perfect form, and are borne on tall, strong stems.

Sent prepaid to any address east of the Mississippi for cash with order

Alice Keith. 26 in. Bright red-orange with bronze margin—the best in this color. Forces easily	Doz.	100
	\$1 50	\$10 00
Bacchus. 32 in. Deep violet-blue, with darker bloom; inside light violet-blue, with white star at base	1 25	6 50

Cherbourg. 32 in. Deep tone of golden yellow with a suffusion of terra-cotta. Greatly admired on account of its huge size and beautiful colors	1 75	13 00
Corrina. 24 in. Dark plum-violet-blue with white center. A long and graceful flower	1 25	8 00
Dillenburg. 28 in. Beautiful salmon-orange; with bronze-yellow edge, inside glistening orange—a lovely color-combination. The blooms are perfect in shape	1 50	9 00

The ★ preceding variety indicates that it is good for forcing

Hunt's PERFECTION Bulbs

BREEDER TULIPS, continued

Dom Pedro. 24 in. Deep coffee-brown, with margin of golden brown outside, the turned petal showing a yellow and olive base, with overtones of bright mahogany	Doz.	100
	\$1 25	\$6 50
Garibaldi. 30 in. Lilac-bronze with primrose-yellow margin. Long and graceful flower	1 50	8 00
Golden Bronze. 25 in. Outside distinctly old-gold, with a shading of lavender, rising from the base nearly to the tips of the petals; inside silky brown, shading to golden bronze; lovely yellow center	1 25	6 50
Godet Parfait. 30 in. Large flower of attractive color—dark plum-violet, with white base and blue halo	1 25	7 00
Indian Chief. 34 in. Coppery red, flushed purple. Long and artistic flower carried on long, strong stem	1 50	10 00
James Watt. 26 in. Deep lavender-violet flushed bronze, inside shaded brown with green base starred white	1 25	7 00
Leonard Barron. 24 in. Brilliant orange shade with carmine shading. Large, well-shaped flower on long, strong stem	1 50	10 00
Louis XIV. 32 in. A royal Tulip. Purple, edged golden bronze; extra-fine, globular flower	1 25	6 50
Melva. 28 in. Oddly tinted flower of super size and shape. Soft lilac deeply edged with yellow. Stems tall and strong	2 00	14 00
Mrs. Beecher Stowe. 26 in. Clear deep blue, uniform in color. Good form and splendid stem	1 50	9 00
Panorama (Fairy). 26 in. Warm terra-cotta with reddish mahogany—a quiet, even tone which covers the huge goblets entirely. The large petals are curved in at the top, so that even on very bright days the flower appears closed	1 25	6 00
Prince Albert. 32 in. Golden brown with purple flush through center of petals. Splendid for the border	1 00	6 00
Prince of Orange. 27 in. Terra-cotta with orange edge; the open petals warm orange on yellow base, figured with black arrows. Cups elongated, filled with abundant perfume	1 25	6 00
Tantalus. 30 in. Lilac with buff-yellow. Cup-shaped blooms of real merit	3 00	20 00
Velvet King. 26 in. Strong violet-purple of a nice, even tone; inside much brighter; base passing from blue into white	1 25	7 00
Vindictive. 26 in. Brilliant fiery red, flushed deep orange. Very tall flowers	1 50	9 00
Virgilius. 26 in. Dull blue-purple, goblet-shaped flower with a silvery overlay brightly edged with fiery purple; striking blue base edged with silver-white	1 25	7 00
Yellow Perfection (Old Gold). 26 in. Coppery yellow, with edges of softer tone; inside coppery brown; yellow base, starred green	1 25	6 00
Breeder Tulips Mixed. A fine selection of foregoing varieties. For massing and bedding \$45 per 1,000 .	1 00	5 00

Special Amateurs' Collection. 150 Breeder Tulips in 6 distinct and separate varieties, our selection, for \$8. Sent prepaid to any address east of the Mississippi for cash with order.

Botanical Tulips

Plant in generous clumps in good soil, preferably at the base of a fairly large sheltering rock, which will serve both as protection and as a background when they are in flower.

Sent prepaid to any address east of the Mississippi for cash with order

Clusiana. 12 in. Carmine-rose, with white edge. It is sometimes known as the "Candy-stick" Tulip because of its delicately red-and-white striped effect when partly open	Doz.	100
	\$1 00	\$5 00
Cornuta stenopetala. 10 in. Crimson, with points of petals rich yellow	2 00	13 50
Eichleri. 11 in. Large; brilliant scarlet, with black center. A high-class, permanent variety	1 25	6 50
Florentina sylvestris. 18 in. Produces fragrant yellow blooms, sometimes two on a stem	1 25	7 00
Fosteriana, Red Emperor. 18 in. One of the largest of the type. An immense flower of glossy orange-scarlet. May be had in bloom indoors in February	9 00	
Kaufmanniana. 6 in. Cream-white, tinted carmine outside; yellow center. The earliest variety	1 50	9 50
Marjoletti. 14 in. Light yellow, splashed on the outer petals with scarlet	1 00	6 00
Oculis solis (Sun's Eye Tulip). 12 in. Bright scarlet	1 25	8 00
Suaveolens. The following three varieties are very hardy and there are none better suited for rockeries. Will bloom several years in succession.		
Pink Quartz (Duc Rose). 10 in. One of the best pinks for rockeries	1 00	5 00
Red and Yellow. 10 in.	1 00	5 00
Scarlet. 10 in.	75	4 50

Parrot Tulips

Very large varieties with drooping, parrot-like buds and wide-spreading, fringed and frilled petals with curious markings. Unusual and striking as cut-flowers but not good for bedding or mass display.

Sent prepaid to any address east of the Mississippi for cash with order

Fantasy. This striking variety has the silken texture of its ancestor, Clara Butt, with the same ashy salmon-pink on the outer surface, splashed and blended with a greenish shade, melting into pink through shades of cream, yellow, and lemon. The strong, stiff stems grow 28 to 30 inches high	Doz.	100
	\$1 50	\$7 50
Splendid Mixture. All the best varieties	75	4 00

New Rembrandt Tulip

Cordell Hull. 20 in. A new type of Rembrandt Tulip. Bright garnet-red, with broad splashes of white, with but little penciling. Base is white with clear blue margin. The flowers are extra large and are produced on strong stems. Especially recommended for growing in pans or pots on account of its Bartigon parentage. This is one of the best introductions in Tulips in recent years. Though the stock is scarce, we have made the price attractive, within the reach of all gardening enthusiasts. \$3 per doz.; \$17.50 per 100.

Single Early Tulips

TOP-SIZED BULBS ONLY

The old-fashioned Single Early Tulips are unsurpassed for bedding and, with few exceptions, excellent for forcing. Gardeners are learning that the wholesale discarding of this class, which took place a few years back, was a mistake. The monotony of the solid beds of red and yellow, and the acres of Keizerskroon which used to make our parks and gardens offensive, will never return, but such lovely things as De Wet, Lady Boreel, Pink Beauty, Royal Crimson, and Rose Luisante are indispensable in any well-planned garden. Blooming with the narcissus, at a time when bright color is sorely needed, they are treasures indeed. They are gone by the time the space is needed for annuals and bedding plants, so that there is no blank interval in the effective use of the ground.

Denbola. 18 in. Brilliant deep amaranth with creamy white edge	1 50	10 00
Essen. 16 in. An attractive cherry-red overlaid with white	1 25	7 00
Kansas. 18 in. Very early pure white variety	1 25	7 00
Lord Carnarvon. 16 in. White with rose and creamy edge. A very large flower	1 00	6 00
Mississippi. 18 in. Brilliant fiery red with yellow base	1 00	6 00
Pollux. 16 in. Deep violet-blue oval flower of good substance	1 00	6 00
Ribera. 18 in. Yellow, mottled and spilled with fuchsia-red.	1 50	7 50
Stockholm. 18 in. Crimson with faint canary-yellow border	1 50	7 50
Tosca. 16 in. Deep purple, edged with white	1 50	8 00

Hyacinths for Garden and Home

Hyacinths may be put to several uses: They may be grown in beds and borders, forced in pots or pans, or grown in water, and are very easy of cultivation. They possess a wonderful perfume, and there are many shades ranging through Pure White, Pale Blue, Lavender, Mauve, Purple, Red, Pink, Blush-White, and Yellow. Suitable alike for the amateur and professional grower.

Sent prepaid to any address east of the Mississippi for cash with order

Popular Varieties

Single Blue

- Bismarck.** Sky-blue; very large spike. Excellent for forcing.
- Dr. Lieber.** Lavender-blue, tinged violet; large, perfect spike.
- Grand Maitre.** Deep lavender-blue; large and compact truss.
- King of the Blues.** Compact truss of dark blue bells. Late.
- Queen of the Blues.** Pale azure-blue; large spike. Beautiful.
- Schotel.** Light blue; long, perfect spike. Good forcer.

Single Yellow Hyacinths

City of Haarlem. Pure yellow; large truss.
Yellow Hammer. Rich yellow; beautiful truss.

Single White

Arentine Arendsen. Pure white. Extra early.
L'Innocence. Pure white. The best white for all purposes.
La Grandesse. Pure white; fine bells. Best exhibition white.

Single Red and Rose

Gertrude. Rosy pink; large, compact truss.
Lady Derby. Rose-pink; large spike. Excellent for pots.
La Victoire. Deep carmine-rose; very fine spike.
Queen of the Pinks. Rosy pink; extra-large bells.

MINIATURE BULBS	15	1 25	7 50

Early Roman Hyacinths

The early Roman Hyacinth, with its graceful spike of fragrant bells, is one of the earliest of all winter-flowering bulbs.

New-crop bulbs will be ready in September, when they may be planted in pots or pans of a compost containing two-thirds fibrous loam and one-third sand. They may also be placed in the more artistic ornamental bowls now available in any china store, using our prepared Bulb Fibre as a filler, which only needs to be kept continually moist, requires no additional fertilizer, and in which the bulbs thrive and bloom luxuriantly. Bulbs planted in September bloom in December.

	Doz.	100
White. Extra large	\$2 50	\$16 50
Selected Bulbs	2 00	13 50
Blue, Virginia. Extra-large Bulbs	3 00	22 00
Pink. Selected Bulbs	1 75	12 50
Royal Scarlet. Deep scarlet, French-grown bulbs, known as Red Romans. Specially recommended for greenhouse culture for Christmas flowering. Selected Bulbs	2 00	13 50

Prepared Dutch Hyacinths

These bulbs are intended only for indoor planting and have, both in growing and harvesting, been submitted to a treatment that insures early ripening and leaves them in a condition to respond to intense forcing methods for early bloom. Planted in September, they bloom about the same time as the Roman Hyacinths, or soon after them.

	Doz.	100
Arentine Arendsen. Pure white. Extra fine	\$2 50	\$17 50
Bismarck. Sky-blue	2 50	17 50
Garibaldi. Dark carmine	2 50	17 50
Gertrude. Deep rose	2 50	17 50
L'Innocence. Pure white	2 50	17 50
Nimrod. Rosy pink	2 50	17 50
Royal Scarlet. Fine spike thickly set with scarlet-red bells . .	3 50	24 00
Schotel. Light blue	2 50	17 50
Yellow Hammer. Canary-yellow	3 25	22 00

Freesias

New-crop bulbs will be ready in July, and if potted at once and kept in a cold-frame until leaves are well developed and then brought in and not forced, they can be bloomed early.

Apotheose. A giant lavender-pink of waxy substance. Long stem, forceful grower, and lasting	Long 100 \$7 00	1,000 \$60 00
Carrie Budau. Large lavender-pink flowers and heavy stems	5 00	40 00
Elder's Giant White. By far the largest white Freesia in existence; almost twice the size of Purity. Top-sized Bulbs. XXX	8 00	75 00
Giant Colored Hybrids. A mixture of various shades of lavender, orange, pink, yellow, etc.	4 00	35 00
Golden Daffodil. The largest and best yellow Freesia. Large, deep yellow flowers borne on long, strong stems. Largest Bulbs. XXX	5 00	45 00
Greenhouse-grown Bulbs	6 50	60 00
Golden Treasure. Extremely large and graceful flowers. The golden yellow petals are lightly tinged with lavender. Strong, long stems. Very attractive and distinct. Largest Bulbs. XXX	5 00	45 00
Marie Louise Fischer. (Fischer's.) Beautiful lavender-blue	5 50	50 00
Maryon. Commonly called the Blue Freesia. Color is a lilac-mauve of very pleasing shade. Very large flower. Strong, sturdy grower	10 00	90 00
Mendota. Splendid clear yellow flowers on long, strong stems	5 00	45 00
Miss Blanche Blue. (Elder's.) Of recent introduction. Produces enormous flowers of a pleasing shade of blue on very long, strong stems. Quite early	5 00	45 00
Mrs. Marc Peters. Very early giant pink. Flowers are large, borne on long, stiff stems	6 00	55 00
Pink Beauty. (Frey's.) This is a distinct new type of Freesia—a giant rose-pink with broad petals and flat, open flowers. It looks more like an orchid spray than a Freesia. Top-sized Bulbs	6 50	60 00
Purity (Superflora). (Casad's.) Large, snowy white flowers, borne in great profusion on upright, stiff stems 2 to 2½ feet long. Largest Bulbs. XXX	4 50	40 00
Sunset. Beautiful flame-orange color. This variety was a great attraction in the field during flowering season	6 50	60 00
Tangerine. Pure orange Freesia. Well recommended for its attractive and unusual color. Very large and profuse flowering	7 00	65 00

Bulb Fibre

A natural peat fibre, full of nutritious properties for the growing of flower bulbs indoors. This compost acts as a moisture-retainer, which promotes the growth of roots on the bulbs, at the same time releasing its organic fertilizing elements in soluble form, developing and maintaining a steady and sturdy growth on the bulbs until the flowers have matured. **Peck \$1.50; bushel \$5.50.**

Miscellaneous Bulbs for Spring Flowering

All items offered on this page sent prepaid to any address east of the Mississippi for cash with order

Amaryllis

Vittata Hybrids. This selection contains a mixture of the finest unnamed seedlings in cultivation. The colorings and markings are unique and provide a show of unexampled beauty.

	Each	Doz.
Extra-large, Sound Bulbs of enormous size	\$1 50	\$15 00
Extra Reselected Bulbs	2 50	25 00

Anemone

Gorgeous, whirled flowers of brilliant colors—scarlet, blue, pink, white, etc.—with strongly contrasted centers. They are splendid cut-flowers and make a fine showy bed. In most sections the bulbs need about the same protection afforded pansies. They can be kept in a frame over winter and be moved into the garden when in bud or bloom.

Blue Poppy. Very large variety containing many shades of blue. \$1 per doz.; \$6 per 100.

French, Single Mixed. 75 cts. per doz.; \$5.50 per 100.

St. Brigid, Mixed, Irish Strain. \$1 per doz.; \$6.50 per 100.

Babiana

Hybrids. 9 to 12 in. Strong, flowering Cape bulbs requiring the same culture as Freesias. A fine mixture of various shades of pinks, blooming over a long period. \$1.50 per doz.; \$9 per 100.

Bletilla

Terrestrial Orchid from China and Japan. Easily grown in ordinary garden soil with plenty of moisture. Prefers half shade. Blooms in early spring. Hardy under all conditions.

Hyacinthina. Produces 3 to 5 dainty, orchid-shaped, lavender flowers on stems 15 inches long. Good for cutting. \$9 per doz.

Hyacinthina alba. Similar to above, except flowers are pure white. \$11 per doz.

Brodiaea

Capitata. A native of California and hardy under most conditions. Naturalizes quickly in well-drained soil and is easy and useful to grow under glass, if given the same treatment as freesias. Slender stems, 1 to 1½ feet long, with close clusters of violet-blue flowers. \$1.50 per doz.; \$7.50 per 100.

Hunt's PERFECTION Bulbs

Chionodoxa

Lovely blue and lavender flowers much like scillas, except that the flowers are held erect, and are useful for the same purposes.

Luciliæ (Glory-of-the-Snow). Blue with white center. 40 cts. per doz.; \$1.75 per 100; \$15 per 1,000.

Luciliæ rosea. An attractive pink form of the above. Splendid for massing in rockwork or for dotting over bulb-beds. \$1 per doz.; \$7 per 100; \$60 per 1,000.

Sardensis. Intense bright blue. 50 cts. per doz.; \$2.25 per 100; \$20 per 1,000.

Chlidanthus

Fragrans. Produces very fragrant, bright yellow, trumpet-shaped flowers on stems 15 inches long. Prefers a sunny situation and blooms in early summer. \$2.50 per doz.

Cooperia

Pedunculata (Giant Prairie Lily). A fine bulb for a shady spot. Blooms over a long season. Flowers white, on stems 1 foot long. \$2.50 per doz.

Spring-flowering Crocus

The harbinger of spring and the good things which follow. Whether planted in beds, borders, or scattered through the lawn, they are very attractive.

Cypripedium

Native Orchids or Lady-slippers

These hardy plants require acid soil and partial shade. The delicate blooms have a large, pouched petal or "lip," forming the "slipper," with curiously curled standards or waved perianth of petals and sepals behind it, usually of contrasting colors.

Acaule. Broad leaves, with a single stem between them, bearing a large pink flower. Strong acid soil, a somewhat dry situation, and plenty of shade. One of the loveliest. 3 to 4 crowns. \$4 per doz.

Pubescens (Yellow Lady-slipper). Erect, leafy stems bearing several yellow-pouched flowers of great charm, daintily spotted with brown. Acid soil, moist ground, and shade. 3 to 4 crowns. \$5 per doz.

Spectabile (The Queen's Orchid). Similar to *Pubescens* in habit, with larger flowers. Pouch rose-red or white, stained rose. The handsomest native Orchid. 3 to 4 crowns. \$6 per doz.

Dielytra (Dicentra)

Spectabilis (Bleeding-Heart). Not a bulb, but strong roots which produce lovely foliage and long racemes of pink, heart-shaped flowers in May. Especially valuable for shady places and for forcing. \$6 per doz.; \$40 per 100.

Eremurus

Extremely rare plants of liliaceous habit, throwing up lofty stems bearing tremendous spikes of lily-like flowers. The fleshy, spider-like roots should be planted in a sheltered place, because the new growth is susceptible to damage by late spring frost and ought to be left undisturbed, as they improve with age.

	Each	Doz.
Bungei. Deep yellow flowers	\$1 25	\$12 00
Elwesi. Soft pink	1 75	20 00
Himalaicus. White flowers with golden anthers	1 50	15 00

Sparaxis

Hybrids. Half-hardy bulbous plants suitable for a sunny, well-drained border. The mixture we offer contains several shades of orange, yellow, purple, and cream. Very free blooming over a long period in spring. \$1 per doz.; \$7 per 100.

Streptanthera

Cuprea. A brilliant new Cape bulb producing orange-red flowers with white eyes. More vivid than Sparaxis. Each bulb produces several spikes of bloom 6 to 8 inches long. Flowers in early spring. \$1.75 per doz.; \$12 per 100.

Triteleia

Uniflora violacea. Recommended as a pot-plant for early spring. Dainty, star-like flowers, tinted delicate blue to white, on stems 46 inches long. \$1 per doz.; \$7 per 100.

Tritonia

Crocata. Gorgeous, tiger-like, orange-scarlet flowers. Splendid pot-plants. 60 cts. per doz.; \$4 per 100.

New Hybrid Mixture. Contains many beautiful shades of orange, red, blue, and pink. 60 cts. per doz.; \$4 per 100.

Veltheimia

Viridifolia. Handsome Cape bulbous flower, producing 40 or more reddish tubular flowers, 1½ inches long, on a stem 15 to 18 inches tall. Its bold habit and beautiful foliage make it especially useful as a pot-plant. \$1.50 each; \$15 per doz.

Winter Aconite

Eranthis hyemalis

Bright yellow flowers; valuable for naturalizing. Blooms in early spring. 40 cts. per doz.; \$2.75 per 100; \$25 per 1,000.

Zephyranthes

Ajax (Peruvian Swamp Lily). A hardy, deciduous, bulbous plant, succeeding in well-drained sunny beds, borders, or rockeries. Pale yellow. \$3 per doz.; \$20 per 100.

Daffodils and Narcissus are offered on following pages

Narcissus (Daffodils)

Narcissus, or Daffodils, vie with early tulips for popularity in spring gardens. They bloom from March into the middle of May. Many varieties may be forced in greenhouses or grown in pots or dishes in the home, for they are very easy to cultivate.

Narcissus and Daffodils

Mixed for Naturalizing

These Mixtures contain many varieties of Narcissus and Daffodils that are most suitable for planting in borders, lawns, and woodlands, and comprise sorts which will give an abundance of flowers and continue to thrive indefinitely.

	100	1,000
All Trumpet Varieties. Round Bulbs	\$5 00	\$45 00
All Short-Cup Varieties. Round Bulbs	4 00	35 00
Grand Blend of All Kinds. Round Bulbs	4 00	35 00
Poetaz and Poeticus, Mixed. Round Bulbs	4 50	40 00
Double Varieties, Mixed. Round Bulbs	5 00	45 00

Daffodils, Miniature Varieties

These low-growing varieties of Narcissus are ideal for the rock-garden. We are pleased to submit below the cream of the best varieties.

	Doz.	100
Apricot. 9 in. Creamy white trumpet with distinct pink glow. One of the earliest	\$4 50	\$27 00
Bulbocodium citrinum. Similar to <i>Bulbocodium conspicuus</i> , but a trifle larger and lighter yellow	2 50	17 50
Bulbocodium conspicuus. Grows only 6 inches, and produces golden yellow flowers 1 inch wide	1 50	8 00
Cyclamineus. 5 in. Perianth reflexed like the cyclamen. Has an exceedingly slender, tube-like trumpet of pure yellow	3 50	22 00
Gracilis. Pale yellow with deep yellow eye. Trumpet-shaped; sweet-scented	1 50	10 00
Minor. Very dainty golden yellow trumpets 5 inches high	2 50	17 50
Orange Queen. Slender stems and foliage. Gives 3 or 4 good- sized flowers of a pronounced orange shade	1 00	6 50
Triandrus albus. Creamy white bells about $\frac{3}{4}$ inch long on a 6-inch stem	1 75	12 00
William Goldring (Swan's Neck Daffodil). Pale primrose, pass- ing to white. Gracefully drooping flowers of medium size.	2 50	18 00
Mixture. A really good blend of all the dwarf types and species. \$80 per 1,000	1 50	8 50

Polyanthus Narcissus

	Doz.	100	1,000
Paper-White. Kept a few weeks in the dark after set- ting, to develop root-action, then brought to a light, airy room, temperature about 60 degrees, the white, fragrant trusses will open in about six to seven weeks.			
Mammoth Bulbs. XXX	\$1 00	\$6 00	\$50 00
Large Bulbs. XX	75	4 50	40 00
Gloriosa. Large; white with orange cup. Splendid va- riety for forcing	1 00	7 50	70 00
Soleil d'Or. Pale yellow perianth, orange cup; termed the "Yellow Paper-White."			
Mammoth Bulbs. XXX	2 00	13 00	120 00
Large Bulbs. XX	1 50	9 00	80 00
Chinese Sacred Lilies. Splendid in pots, bowls, soil or water with pebbles	2 00	13 50	

Hunt's PERFECTION Bulbs

Jonquils

In this group the flowers are much smaller than many other varieties and the plants have a thin, rush-like foliage.

Camperelli, Orange Queen. Tint of yellow which, although not an orange, strongly suggests that shade .	Doz. \$1 00	100 \$6 50	1,000 \$55 00
Camperelli rugulosus. Broad, rich yellow perianth and cup	75	5 00	45 00
Jonquilla. Single, sweet-scented, rich yellow Jonquil .	1 00	6 00	50 00

Pre-cooled Bulbs for Christmas Flowering

This stock is dug as usual, cured for two to three weeks, graded and then placed in a temperature of 50° Fahr. from six to eight weeks. Storage at this temperature makes normally late-flowering varieties **early** and early sorts **much earlier** and **easier to force**; in fact, they require only six to eight weeks from planting to full bloom.

Pre-cooled Bulbs should be potted promptly on receipt and kept in a cool place for proper root-action. On or about November 25, sample pots or flats should be removed to greenhouse or frames to see if they are ready to grow buds and foliage.

We offer Extra-Quality Pre-cooled Bulbs as follows, and suggest early ordering.

Pre-cooled Narcissus and Daffodils

ALL TOP-SIZED SELECTED BULBS

Empress. (<i>Trumpet-Bicolor.</i>) Sulphur-white perianth; chrome-yellow trumpet. An excellent variety for pre-cooling	100	\$8 50
King Alfred. (<i>Trumpet.</i>) Golden yellow perianth and trumpet	14	00
Laurens Koster. (<i>Poetaz.</i>) White perianth, with orange cup	8	50
Mrs. E. H. Krelage. (<i>Trumpet-Bicolor.</i>) Pure white perianth with light yellow trumpet	17	00
Robert Sydenham. (<i>Trumpet.</i>) Perianth sulphur-yellow; trumpet golden yellow	14	50
Sir Watkin. (<i>Incomparabilis.</i>) Sulphur petals with deep yellow cup . .	9	50
Van Waveren's Giant. (<i>Trumpet-Bicolor.</i>) Primrose perianth; bright yellow trumpet	16	00
Whistler. (<i>Trumpet.</i>) Large golden yellow trumpet with chrome-colored perianth	20	00

Other varieties of Pre-cooled Daffodils can be supplied if ordered prior to August 15

Pre-cooled Iris

Wedgwood. Large; blue	100	\$14 00
Supreme. One of the best blue Irises for early flowering	15	00
Yellow Queen. Large; clear yellow	9	00

Hardy Garden Lilies

FOR FALL AND SPRING PLANTING

Hardy Lilies are among the most gorgeous subjects for the garden that can be planted. When happily placed they throw up sturdy stems in an eager desire to unfold their wonderful flowers above the heads of their companions, holding the admiring gaze of all who pass.

All Lilies do not like the same conditions. The one universal requirement for all is absolutely perfect drainage. The loose, scaly bulbs which Lilies produce are susceptible to rot in wet soil, and it will pay to go to some pains to be sure that the ground for them is properly drained. When Lilies are well established in the garden, it is well to feed them with a top-dressing of manure after the tops have died down in the autumn. It is better to omit manure from the Lily-bed before planting.

Sent prepaid to any address east of the Mississippi for cash with order

Auratum (The Golden-banded Lily of Japan). One of the sturdiest of all the hardy Lilies; grows 3 to 6 feet high and bears twenty or more large and fragrant flowers 8 to 10 inches in diameter. Planted in clumps of six or so, they make an attractive sight. Flowers white, spotted deep red, with bright yellow band running through the center of each petal, in August.	Doz. 100	
Mammoth Bulbs	\$6 00	\$45 00
Extra-large Bulbs	5 00	35 00
Batemanniæ. Beautiful Japanese variety, growing 3 feet high, with six to eight apricot-colored flowers held erect on a stem. Blooms in July and August		
	5 00	37 50

Hunt's PERFECTION Bulbs

LILIES, continued

Canadense (Meadow Lily). A stout-stemmed Lily with whorled leaves, bearing a spreading, loose panicle of drooping, bell-shaped flowers, usually orange or scarlet spotted with brown and maroon. 2 to 5 feet high. Flowers in June and July . . .	Doz.	100
	\$3 00	\$20 00
Candidum (Madonna or Annunciation Lily). The bulbs we offer are the true, hardy, Northern French-grown; arriving here in September, they should be planted at once, in groups of from 3 to 6 dotted among the taller-growing perennials. They make their leaf-growth in October, then die down and bloom late the following June—stately spikes of large, white, fragrant flowers with yellow anthers.		
Specially Selected Top-size Bulbs. XXX	7 00	50 00
Mammoth Bulbs. XX	6 00	40 00
Croceum . A strong-stemmed Lily bearing erect flowers in a pyramidal cluster in June and July. The blooms are yellow and orange, spotted red, and very freely produced. 3 to 4 ft. . .	6 00	40 00
Henryi (Yellow Speciosum). 4 to 5 ft. In form and habit resembles <i>L. speciosum</i> . Flowers shaded yellow, slightly varying in color, with a distinct and waxy green center. Blooms during August and September	8 00	60 00
Martagon . The Purple Lily. Bears pyramidal sprays of small, turban-shaped flowers of dull purple on strong stem 2 to 5 feet tall. Blooms in June. Thrives best in damp, shady position . .	4 00	30 00
Martagon album . A white variety of the above	7 50	
Philippinense formosanum . The new white hardy Lily, of which it is predicted that it will outshine <i>L. regale</i> in usefulness and beauty. The very fragrant trumpet flowers resemble an Easter Lily	4 00	25 00
Regale . 3 to 4 ft. The finest and most easily grown is this Lily, producing large, flared trumpets suffused with gold and yellow on the inside and slightly stained with purple on the backs of the outer petals. The stem is stout and very wiry, so that the plant takes up very little room after flowering. It blooms immediately after the Madonna Lily and is one of the finest plants to be found in gardens.		
Giant Bulbs. XXXX. 13-15 in.	12 50	85 00
Selected Bulbs. XXX. 11-13 in.	9 00	70 00
Large Bulbs. XX. 10-11 in.	7 00	50 00
Speciosum album . 3 to 4 ft. Very dainty white Lily. It flowers in the border or amongst the shrubbery at the same time as <i>L. auratum</i> .		
Extra-large Bulbs	7 00	50 00
Large Bulbs	4 50	35 00
Holland-grown, Extra-large Bulbs	6 00	45 00
Speciosum Melpomene . Large, dark crimson spotted flower of striking appearance.

Berlin pips, *Fresh Pips*, ready in December. \$16 per case of 250.
 Extra-strong clumps (November delivery). \$6 per doz.; \$45 per 100.

Gladiolus

Early Varieties for Forcing

Colvillei Types

	100
Ackermani. Orange-scarlet	\$5 00
Appolyn. Bright salmon	7 00
Colvillei, The Bride. Pure white	5 00
Peach Blossom. Rosy blush-pink	6 00
Rosy Gem. Rosy pink, dainty flowers	6 00
Tecolote Hybrids. Orchid, rose, pink, salmon, cerise, orange, brick-red, etc.	5 50
Tristis. Extra-fine yellow; very good forcer	8 00
Tristis Concolor. Pale cream variety of the above. Graceful flowers with perfume similar to Freesias	8 00

Prepared Gladiolus for Early Forcing

Delivery October 1

Excellent results have been obtained from the following varieties for indoor forcing. They flower at Christmas and early in the spring. These bulbs are grown in the Southern States, cured in July, and are ready for planting about the end of September. Our list is somewhat limited, but we give a selection that is in great demand.

	100
Alice Tiplady. (Primulinus.) Brilliant orange-salmon	\$6 00
Los Angeles. Pale pink with orange-salmon blotch	6 00
Mrs. Frank Pendleton. Salmon-pink with maroon	6 00
Orange Queen. Copper-orange and yellow	6 00
Picardy. Salmon. Large	9 00
Souvenir. (Primulinus.) Pure yellow	5 00
Virginia. One of the best early scarlet varieties	6 00

Gladiolus, Herald Varieties

A new hybrid race of Gladiolus, very free flowering and blooming earlier than Baby or Colvillei type. Flowers much larger and borne on upright stems. They are in bloom for a long period of time, due to the bulbs sending up a number of flower-spikes in succession.

	100
Joost van den Vondel. Brilliant scarlet-orange	\$12 50
Leeuwenhoek. A delightful shade of salmon-pink	12 50
P. P. Hooft. Very attractive shade of salmon-orange	12 50

Gladiolus for Late Flowering

These bulbs are placed in cold storage for delivery in June and July, for September and later flowering outdoors.

	100
Apricot Glow. (Primulinus.) A fine shade of apricot	\$4 00
Betty Nuthall. Coral-orange, soft red markings	5 00
Captain Boynton. Soft lavender over white ground	4 00

GLADIOLUS FOR LATE FLOWERING, continued

	100
Dr. F. E. Bennett. Peach-red with a suggestion of flame-scarlet	\$5 00
Evelyn Kirtland. Rose-pink shading toward shell-pink, with scarlet blotches	5 00
Flaming Sword. Brilliant red with orange overtone	4 00
Giant Nymph. Rose-pink with creamy yellow throat	5 00
Gold Eagle. Deep clear yellow	5 00
Golden Dream. Tall spike of clear yellow blooms	5 00
Helga. Bright cerise with carmine penciling	5 00
Herada. Pure glistening mauve	4 00
Los Angeles. Very fine shrimp-pink shade	5 00
Minuet. Clear orchid-lavender; very large	6 00
Mrs. F. C. Peters. Late. Lavender-pink	5 00
Mrs. P. W. Sisson. Cameo-pink	5 00
Picardy. Excellent salmon color. Very large variety	7 00
Schwaben. Light yellow. Popular standard variety	4 00
Souvenir. (Primulinus.) Pure yellow	4 00
Virginia. Bright red	4 00

Spirea (Astilbe)

EXTRA-LARGE CLUMPS

CULTURE.—They require a compost of equal parts of loam and leaf-mold and should be potted singly in 6- or 7-inch pots, in October or November. Place in coldframe until required for forcing; water freely when growth begins. Remove to coldframe after flowering and plant out in sunny position in June.

★America. Lilac-rose—a beautiful orchid color with large, feathery flower-spikes and beautiful foliage. This variety is one of the very finest and holds its color well. Medium height	Doz. \$8 00
Cassandra. Dense, very double flowers of rosy red—the deepest color yet developed	10 00
Deutschland. Pure white. Good forcing variety. Strong grower	11 00
★Gladstone. Well-known and best white variety. Flower-spikes are cream-white, large, full, and feathery. Earlier than the pink kinds	9 00
★Gloria Superba. Has attained great popularity because of its brilliant dark pink color. Produces huge panicles of stately blooms borne on long stems	10 00
★Peach Blossom. True peach-blossom color with red stamens. Very fine	9 00
★Philadelphia. Deep lavender-rose. Tall and sturdy grower with abundance of graceful foliage	9 00
Rubens. Attractive deep rose, with red flower-stems	10 00

Items marked with a star (★) can be supplied from cold storage at \$10 per case of one dozen extra-selected clumps. Delivery any time, as required

Iris (Fleur-de-Lis)

Dutch or Holland Iris

Iris Tingitana and Spanish Iris may be grown both in and outdoors. If planted indoors they should not be forced, or they will be apt to come blind; given a slow treatment they will bloom without difficulty in the early spring.

	Doz.	100
Blue Horizon. Purple-blue standards and soft sky-blue falls.	\$1 00	\$7 00
David Bles. A very early blue	1 50	10 00
Heemskerk. Earliest Dutch Iris and finest yellow. Very large flower	1 50	7 50
Imperator. Early-flowering. Brilliant blue, large flowers on long, strong stems	1 50	8 00
Leonardo da Vinci. Large, beautifully formed bicolor of yellow and creamy white	1 00	7 00
Supreme Blue (Tingitana). This variety is claimed by the originators to be the best Iris extant for early forcing	2 00	13 00
Wedgwood. Very early, large blue flowers borne on long, strong stems. Splendid for greenhouse, flowering in March	2 00	12 00
White Excelsior. Large, milk-white	1 50	7 50

Spanish Iris

Cajanus. Canary-yellow.

King of the Blues.

King of the Yellows.

King of the Whites.

Prince Henry. Bronze.

Queen Emma. Deep yellow.

Any of above varieties, \$1 per doz; \$6 per 100

Spanish Iris, Mixed. A fine mixture of the above varieties; suitable for bedding and cutting. 75 cts. per doz.; \$4.50 per 100.

English Iris

While this is not a forcing Iris, it is one of the finest cut-flower Irises known, and should be grown outside by every florist. It is hardy, easy to grow, a sure bloomer, and its flowers always command a good price.

Blue Giant. Outstanding novelty. Bright deep blue flaked black-blue. Extremely broad standards and falls. The largest of all English Irises. Very distinct. \$2.50 per doz.; \$16 per 100.

Bleu Celeste. Light lavender-blue; very delicate and effective.

Duke of Clarence. Standards dark blue, falls white overlaid with bright blue.

King of the Blues. Brilliant deep purple-blue.

Mont Blanc. Finest pure white.

Nimrod. Dark purple.

Othello. Rich wine-red.

Prince of Wales. Rich deep blue.

Tricolor. Standards purple, falls white overlaid with bright blue.

Sunset. The color of the Cattleya orchid, delicate lavender-pink.

Any of above named varieties, except as noted, \$1 per doz.; \$7.50 per 100

Mixed. All colors. 60 cts. per doz.; \$4.50 per 100.

Strawberry Plants

Late summer planting of Hunt's Superb Strawberry plants in heavily fertilized ground insures a good crop of fruit next spring

Strawberries give the greatest yield and the largest berries when grown in rich soil; hence, no pains should be spared in preparing the bed carefully before planting, by digging or plowing deeply and turning under a liberal supply of well-rotted manure. At fruiting-time a top-dressing of ground bone will be beneficial.

Strawberry plants should be set out in rows 2 feet apart and the plants a foot apart, cutting off all runners as they appear. The varieties we offer are all perfect flowering and therefore need no association with any other variety for perfect fruiting.

Shipping season lasts from July 15 until October. We recommend as early planting as possible to enable the plants to get established before the advent of winter.

Uniform prices for all sorts, \$1.25 per doz; \$7 per 100

Popular Standard Varieties, Pot-grown

Aberdeen. Midseason. Produces immense crops of large, bright red berries.

Catskill. Midseason. A heavy yielder of excellent fruit.

Chesapeake. The berries are uniform in size and shape, mostly heart-shaped. Color is bright crimson and the flesh firm and of excellent quality. Midseason to late.

Dorsett. Very early. Large, firm, and of perfect quality, these bright red berries will captivate your berry appetite.

Early Jersey Giant. Fruit of extra-high quality, very attractive, and extremely productive.

Fairfax. Second-early berry. Its flavor is even richer than that of Dorsett, and the berries are slightly larger and very firm.

Howard No. 17. One of the best of the second-early varieties.

Hundred Dollar. Midseason. Large scarlet berries of delicious flavor.

Joe (Big Joe). A midseason to late variety, fully up to Chesapeake in size, firmness and yield.

Lupton. Very much like Gandy but much more productive and about five or six days earlier. We consider this one of the finest of the varieties fruiting late.

Marshall. Vigorous in growth, with clean, healthy foliage. Very productive under high culture. Midseason.

New Washington. Popular late sort. Very prolific, with firm, delicious fruits.

Premier. Excelled by no early variety. Produces vast quantities of berries of good size; attractive, and excellent quality.

Sharpless. A variety that fruits rather late in the season. Produces handsome, large berries of fine quality.

Success. One of the best early varieties. Bright scarlet, slightly oblong berries with blunt end.

William Belt. Another old favorite. Very productive of large, irregular berries, unsurpassed in flavor by any other variety. Midseason to late.

Everbearing Strawberries

The Everbearing varieties of Strawberries, frequently termed "Fall-bearing," have decided merit. In addition to bearing a good crop in late summer and autumn, they also give a heavy crop of fruit as early as June. In order to be sure of a good fall crop, remove all blossoms from the plant as they appear from the first to the middle of July.

Empire All Red. Combines the excellent flavor and sweetness of Progressive with the large size and productivity of Mastodon. Bears fruit throughout the summer and fall same year as planted. Berry is oval, with firm flesh—an all red fruit. \$2 per doz.; \$12 per 100.

Green Mountain. U. S. Plant Patent No. 112. Coming from Vermont, this is one of the hardiest varieties. Gives an abundance of berries of perfect size and flavor throughout summer and fall. Best results are obtained when planted in fairly heavy soil. \$2.50 per doz.; \$16 per 100.

The Gem. The new Everbearing sensation, producing an abundance of bright, sparkling red berries, uniformly large in size. They are solid red to the center, juicy, deliciously sweet and very free from acid. Does well on all types of soil. \$2 per doz.; \$12 per 100.

Mastodon. The largest, most delicious, and heaviest yielding Everbearing. It outyields some of the finest June-bearing varieties during their season and continues to produce throughout the summer and fall berries of amazing size and surpassingly fine quality. \$1.50 per doz.; \$10 per 100.

Progressive. The berries are smooth and uniform in size, deep crimson in color, and of superb quality. \$1.50 per doz.; \$9 per 100.

Strawberry Netting

Ideal for the protection of Strawberries from birds, etc.

	Each
No. 2. 30 x 15 ft., 2½-in. mesh, No. 6 linen thread	\$9 00
No. 3. 30 x 30 ft., 2½-in. mesh, No. 6 linen thread	18 00
No. 4. 60 x 30 ft., 2½-in. mesh, No. 6 linen thread	36 00

Strawberry Baskets

1-quart	\$2 00	\$17 50
2-quart	2 75	25 00

Hunt's Giant Pansies

New Greenhouse Giants. The originator claims that this variety produces blooms measuring 4 inches across and plants grow from 2 to 6 feet, according to culture. This mixture contains beautifully marked flowers of every color known to Pansies. Pkt. \$2.

Hunt's Superb Mixture. Without doubt one of the finest mixtures ever offered. Pkt. 75 cts.; 1/8oz. \$2.50; 1/4oz. \$4.50.

Masterpiece (Frilled Pansies). Petals beautifully waved. Exquisite colors. Pkt. 50 cts.; 1/4oz. \$2.50.

Swiss Giants, Mixed. Giant flowers in splendid variety. Pkt. 75 cts.; 1/8oz. \$2.50.
